TO: Will Reid, Assistant Chief Engineer of Operations
FROM:  Ronnie Porter, Director, Program Development and Administration Division
SUBJECT: **Proprietary Item Request and Justification**

PROJECT TITLE: City Center Connect Project – Phases 1 & 2
PIN: 114986.01
FEDERAL PROJECT NO.: STP-EN/TAP-9417(9)
STATE PROJECT NO.: 79LPLM-F3-252

I, Ronnie Porter, Director of Program Development and Administration, request approval to utilize the following proprietary item(s) in the subject project:

Ken Kromik Universal Metal Primer, Sherwin Williams Waterbased Acrolon 100 Town of Collierville Green

Project Description

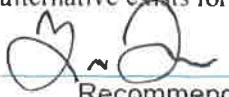

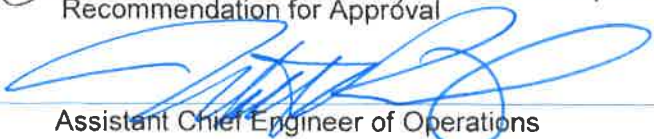

The project includes new streetscape pedestrian facilities to accommodate ADA accessibility, removal of existing concrete sidewalks and replacement with concrete and/or pavers, installation of landscaping and site furnishings such as benches, pedestrian lighting, signage, and pavement markings.

Justification

The Town of Collierville utilizes a specific primer and paint for refurbishment of decorative light poles within the town based upon their design guidelines. The Center Connect Project includes refurbishment of several light fixtures along the

Re: Proprietary Item Request and Justification
City Center Connect Project, Phases 1 & 2
TDOT Pin No. 114986.01, Federal Project No. STP-EN/M-9417(9), State Project No. 79LPLM-F3-252

Dear Ms. Britt:

The Town of Collierville is requesting a certification to specify Ken Kromik Universal Metal Primer and Sherwin Williams Waterbased Acrolon 100 in Town of Collierville Green to be used for the light pole refurbishment design component for the City Center Connect Project, Phases 1 & 2.

The specifications provided in the attachment are the Town's standard for the refurbishment of metalwork in and around the City Center (Town Square) area and were used in bid let earlier this year for the refurbishment of metal railings in this location. These products provide an established, durable and proven standard that synchronizes the overall color scheme and aesthetic of the Town Square location with the other light poles and mast arms throughout Town limits.

If you have any questions or require additional information, please do not hesitate to contact me at (901) 457-2200.

Sincerely,

Stan Joyner, Mayor
Town of Collierville

The CONTRACTOR shall be responsible for all METAL LIGHT POLE REFURBISHMENT.

I. SPECIFICATIONS:

1.1. Treatment of all metal surfaces must follow the Society for Protective Coatings (SSPC) recommendations.

1.2. Paint Removal

1.2.1. Metal surfaces must be cleaned in accordance with SSPC-SP-1 Solvent Cleaning standards prior to sandblasting and power tool cleaning.

1.2.2. All metal surfaces to be sandblasted to SSPC-SP-10 standards. Metal surfaces not suitable for sandblasting (SSPC-SP-10 standards) will be cleaned using SSPC-SP-3 power tool standards.

1.3. Paint Application

1.3.1. Metal surfaces will be primed with two (2) coats of Kem Kromik Universal Metal Primer, brush applied in accordance with manufacturer recommendations for conditions and equipment.

1.3.2. After priming, metal surfaces will be covered with one (1) coat of Sherwin Williams Waterbased Acrolon 100 Town of Collierville green, brush applied in accordance with manufacturer recommendations for conditions and equipment.

2. PROTECTION OF PROPERTY

2.1. Contractor shall protect his/her work at all times and shall protect all adjacent work and materials by suitable covering or other methods during progress of work. The Contractor will protect all adjacent areas by taking appropriate measures.

2.2. The Contractor shall, at all times, guard against damage or loss to the property of the Town of Collierville and shall be held responsible for replacing or repairing any such loss or damage. The Town may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the Contractor or his agents.

2.3. Vegetation and grass shall be protected from damage by equipment or chemicals at all times.

3. SAFETY OF PERSONS AND PROPERTY

3.1. The Contractor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury or loss to:

- employees on the Work and other persons who may be affected thereby;
- the Work and materials, furniture, furnishings and equipment to be incorporated therein, whether in storage on or off the Project premises, under care, custody or control of the Contractor or the Contractor's Subcontractors or Sub-Subcontractors; and
- other property at the Project premises or adjacent thereto, and not designated for removal, including property of the Town, separate contractors or other persons, whether or not completed or installed.

3.2. The Contractor shall erect and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations and notifying owners and users of adjacent facilities.
